

Utility Board Will Study Proposed Clubhouse Lease

Dr. Ben R. King was reelected president of the board of directors of the Truckee Public Utility District at the reorganization meeting which saw two new members, James McIver and P. H. Greenhouse take their posts.

They replace Karl Kiehlhofer and Lauren Russell as board members. The others are Cecil Edmunds and Dan Horman.

The board took under advisement for further study a proposed lease submitted by Charles Fink, president of Truckee's Shadow Valley Country Club for operating the facilities at the new clubhouse. The lease would be for one year for \$1 and would give officers of the country club custodianship of the facilities on a non-profit basis, all revenues going to the district. The clubhouse would be kept open and the course made available to the public with the lessee arranging tournaments and other functions, keeping an event calendar and providing all promotional material.

The \$1 figure was a simple legal necessity to make the lease binding, but it is not to be construed as a point of value.

The lessee would not make any alterations or improvements on the facility without the written consent of the district board and would keep the premises and property free from any liens arising out of work or materials furnished. The club agrees to keep the premises in good order and repair.

An option to renew the lease for a period of five years is asked.

Work Is Resumed On Prosser Dam Complete In Fall

Construction resumed this week on the \$5.9 million Prosser Creek Dam four miles northeast of Truckee and project manager Vernon J. Hansen said the dam will be far enough along to start storing water next winter. It was 35 per cent complete when construction stopped last fall.

The earth fill dam, 1,840 feet long and 139 feet high is scheduled for completion next year. It is being built primarily to provide flood protection for the Reno area and to improve fishing in the Truckee River below the outlet to Lake Tahoe.

The reservoir will impound 30,000 acre feet of water. It is the first unit to be constructed in the \$52 million Washoe project authorized by congress in 1955.

Hansen said the next unit to be constructed will be the Watasheameu Dam on the Carson River near the California-Nevada state line. Farther in the future is the Stampede Dam to be built on the Little Truckee River about 10 miles north of Truckee.

Belles and Beaux Ready For Stage

Double Date—

Mr. and Mrs. Lloyd Everett celebrated their wedding anniversary and Mrs. Everett's birth date last weekend, receiving the good wishes of their friends on the dual occasion.

WALTER M. BARRETT

Those who participated in the opening of Truckee's new golf course Sunday could not help but marvel at the fine new clubhouse, most of which was the result of volunteer labor and donated materials. It is roughly estimated that the district has a \$25,000 structure which cost approximately \$3,000. The difference between the two figures represents many long hours of toil by a handful of enthusiastic volunteers and thousands of dollars worth of essential material donated by builders, contractors, merchants and others, who were anxious to provide Truckee with a modern, new clubhouse to go with its beautiful, well laid out golf course. These donors and workmen have earned the sincere appreciation of the community and while there are scores of people here who may have little, if any, interest in the project it must be conceded that there are hundreds who do and that this district has been provided with a facility needed if Truckee is to progress and keep pace with the times.

Hospital Week To Be Observed Here

In commemoration of Hospital Week, J. J. McGlade, administrator of the Tahoe Forest Hospital, announced that open house will be held here Friday between 2 and 4 p. m. and extended an invitation to everyone to attend and view the facilities of the local institution.

"A working partnership between hospital and community is necessary if a community's health is to be maintained at its highest level," McGlade said.

"Without the hospital, many individuals would not realize their 'heritage of health' while without the community's support and understanding, the hospital would be unable to meet the community's health needs," he added.

"Your hospital — A Community Partnership" is the theme of National Hospital Week, May 7 to 13.

The two-day event, first open tournament to be held on the new course, will see Rotary Club hosting competitors to free barbecue and refreshments at the Shadow Valley Clubhouse on Saturday night. Wilson named Barak Wright as tournament director, to be assisted by George Ganglier, Jim Sampson and Lloyd Gay.

California Bank At Tahoe Will Open On Monday Morn

Monday, May 15, the Bank of California, N. A. opens its new Tahoe City office in the Tahoe City Center.

Brief ribbon cutting ceremonies with participation by senior executives of the bank's San Francisco head office will precede the 10 a. m. opening. Refreshments and favors will be given to first day visitors.

Manager Herbert S. Clegg, in commenting on the opening, stated that he and his staff are enthusiastically looking forward to next Monday, since public reaction to the new banking office has been most favorable. He also pointed out that when the office was being designed, bank officials specified that Tahoe residents be provided with the same facilities they would find in a metropolitan area. This includes the latest safe deposit boxes and full after-hour depositors' equipment for merchants. Banking customers will be served from four commercial and savings tellers and a combined commercial and installment loan department. Ample parking will be available in the center's spacious parking lot.

The Tahoe City office will offer north shore residents extended banking hours on Fridays from 10 to 5. This service is provided by the bank for customers who are unable to utilize regular banking.

Progress Made In Tahoe Street Plan

TAHOE CITY—Progress on the naming of streets and numbering homes and business in the North Lake Tahoe area is taking giant strides and a complete plan will be ready for presentation when the Placer County Planning Commission meets at Tahoe City June 9.

Ed Shirley of the Pacific Telephone Company, who is heading the committee on the project, reported that at the last meeting Tuesday it was announced that the Kings Beach area has been completed for approval of the planning commission and that work is continuing at Tahoe Vista, Tahoe City and the balance of the communities from Spooner Summit to Bliss Park.

The plan will coordinated with planning by both Placer and Washoe Counties, Shirley said.

While the primary purpose of the project is to eliminate duplication in street names, it will also provide for mapping of the entire area to give quick access in cases of emergency.

House numbering has not been started, but it is proposed to have all houses and businesses north of the highway numbered from 201 up while those on the south side, or closer to the lake, will be numbered from 1 to 200, Shirley explained.

The next meeting of the committee will be on May 22.

Trout Planting By Game Department Started In District

The first planting of more than 125,000 catchable trout to be planted in this area during the summer, was at Donner Lake Tuesday when 4,050 rainbow of catchable size were placed in the water by fish and game trucks.

In making the announcement, Game Warden Charles Spillner said that beginning next week planting will be started in Donner and Prosser creeks, 400 rainbow being assigned for each stream.

This is only an initial plant, Spillner said, with 40,000 catchables being assigned to Donner and 60,000 to the Truckee river during coming months. There will also be some 15,000 planted in the Little Truckee and other local streams will receive their appointments.

The rainbow are from Mt. Shasta rearing ponds and are said to be in excellent shape.

Spillner also revealed that when Prosser reservoir is ready to receive water the department plans to plant a quarter of a million fingerlings there to provide excellent fishing for the years to come.

Bridge At Emerald Asked By Lunardi

The assembly has approved unanimously a resolution which its author believes could result in eventual construction of a low-level, all year bridge across the mouth of Emerald Bay at Lake Tahoe, Capitol News Service reports from Sacramento.

The lower house approved and sent to the senate ACR93 by Assemblyman Paul J. Lunardi, Roseville.

Lunardi said the resolution was simple: it merely pointed out there already are procedures for the highway commission to hold hearings in the areas involved and adopt highway routes, then told the commission to proceed in this manner in the Emerald Bay area.

"This resolution, in effect, just asks the commission to proceed in the same manner it would any (Continued on Page 8)

Eighty Boys Sign For Little League

The season sign up for the Truckee Lions and Donner Lake Cubs of the Little League which was held at the high school last week proved successful. Eighty boys were registered after a short meeting.

Paul Doyle, public relations director of the Tahoe Truckee Little League, gave a talk on facts and figures which confront the league during the coming season.

A call was issued for volunteers to help prepare the local field for the games and there is still much work to be done before play can start.

The umpire school of last week was also successful with a group of interested persons attending. However, the league will need more volunteers for the duties assigned to umpires, Doyle said. Anyone interested may apply through Chief Umpire Slim Thompson.

It is apparent, Doyle declared, that the league will need a greater response from volunteers among the mothers and fathers helping the official staff. Those interested in helping with transportation, coaching, upkeep and various other duties, may contact the business managers, Roy Waters of Truckee, Mrs. C. Walker of Donner Lake, Bill Bechtold of Tahoe City and Dr. M. Schwartz of Kings Beach.

CONVERT SPLITS
WITH THESE RULES

The 3-10, 2-7, 5-10, 5-7 and 4-5
splits which the illustration
shows, can be knocked off with an
accurate shot. In each case,
your chances of converting these
splits are high enough to make
it worthwhile.

There are several basic rules
to follow in shooting at these
easier splits. Following these
rules makes your chances even
better:

1. Decide just where you
want your ball to hit the pins.
2. Decide on the proper
angle. Just as in shooting
splits, shoot the left-side pin
from the right, and right-side
pin from the left and the center
lane pin from the center.
3. Walk directly toward the
target.
4. Roll the ball directly to-
ward your target, reaching out
in a complete follow-through.

Keep your mind on what you
want to do. Many bowlers ruin
their chances of making a split
by worrying too much about
what caused it. Wait until you're
back on the bench before wor-
rying about such matters. Con-
centrate on converting the splits
when you're shooting at them.

Fire chiefs, Doug Ingram, Crystal
Bay; Al Henry, Tahoe City; Hep-
ner, Squaw Valley; and Joe Fulton
of Kings Beach, attended the first
annual senior fire officers confer-
ence for the State of Nevada at
the University of Nevada at Reno,

Fire Services Day was cele-
brated May 6 with Crystal Bay Fire

tection District, Tahoe City Fire Pro-
tection District and Squaw Valley
Beaches and Parks Fire Depart-
ments participating. This also in-
augurated spring clean-up which
will be continued throughout the
month of May.

It is imperative that this area
prepare for the summer season—
the lack of rain has alerted the fire
districts to the extreme fire haz-
ards and residents should also be
impressed with the danger. No one
wants a repetition of last August's
disastrous fire.

Cub Scouts will participate in
cleanup on May 13 — parade to
start at Crystal Bay with Doug In-
gram, fire chief, leading with his
fire equipment. Down to Kings
Beach, where Joe Fulton, fire
chief, led the parade. Den mothers
assisting will be Arlene Larsen,
Cleda Liddle, Betty Baxter, Millie
Anderson, Mary Combs, Lila Gor-
rinda, Verna Holley and Ruth
West. Wiener roast and barbecue
on the beach will be provided for
the Cubs following the cleanup.

Noel Hulbert will supervise the
placing of the litter cans which the
Cubs painted. Noel will donate
the services to care for the cans.

Good deeds by good Scouts, in-
deed.

The unified numbering commit-
tee met at the home of Joe Fulton,
Kings Beach, Tuesday evening. Se-
lection of street names, renaming
duplicated names and numbers,
are topics of discussion by the
committee members—Stu Bryant,
Joe Fulton, Gordon and Florence
Brown, Fred Schultz, Bob Mols-
berry and chairman, Ed Shirley.

"Firebelles of North Lake Ta-

Plans for an active Tahoe City childrens' swimming program were

outlined at a parents' meeting held Wednesday night at the Tahoe Lake School. Principal speaker at this meeting was Carl Ross, American Red Cross field representative and water safety expert.

The dates for classes for swimming instruction have been set for the weeks beginning June 12 and June 19 according to local volunteer workers. Classes will be offered at all levels of swimming

development to school children and the classes will be instructed by certificated water safety instructors. Transportation by bus will be provided to the classes and meeting places will be announced at a later date, according to Mrs. Maggie Stollery, local volunteer worker.

It has been requested that all registration forms be returned no later than May 19 to Mrs. Betty Baker. Mrs. Stollery and Mrs. Baker both have stressed that an urgent need exists for volunteer workers who will help with organizational matters both before and during the swimming program. Any parent wishing to help with this program is advised to call either JUNiper 3-3919 or JUNiper 3-3401.

DONNER DOINGS

By VIRGINIA O'BEAR

Recently we have enjoyed warm
sunny days and many of us are
hoping it will continue. The fore-
cast is for warm weather which I
am sure most of us will appreciate
after the late winter. Spring
cleaning seems to be in progress
and I would like to remind every-
one that this Saturday, our Donner
firemen are working in con-
junction with the Truckee Donner
Chamber of Commerce and the
Truckee firemen in the annual
cleanup. Please pile all of your
rubbish where the firemen can
pick it up and anyone with a few
hours to spare, contact the Truc-
kee or Donner firemen and help
clean up our community. Miss
Donner Lake, Sandy Van Sickle
and her court will be on hand to
help add a little interest to the
cleanup.

The Donner firemen met at the
fire house Tuesday evening for the
regular meeting and to discuss the
Donner Lake Regatta. This will
be the fourth year the firemen
have sponsored the boat races.

The dinner is expected to start
promptly at 7:30 and a delicious
menu is planned by hostesses Elea-

and take a friend as Nancy Brodie
plans to present first aid informa-

Mrs. Margaret V. Alexander of
Crescent City is spending a few
weeks with her daughter and son
in law, Dr. and Mrs. Douglas Bro-
die. She is here to help Nancy
and John and little David Alan
who arrived last Tuesday evening.
It is nice for John to have a baby
brother and I know the whole
family is thrilled with the little
newcomer.

Mr. and Mrs. William McMi-
chael of Santa Rosa stopped at
Donner this week to visit friends.
They have been on vacation for a

month and spent most of their va-
cation in New York and Canada.
They said they enjoyed driving
across the United States but think
Santa Rosa and Donner Lake are
their favorite spots.

Everyone is anxious to see the
huge sailboat on the lake that Dr.
and Mrs. Robert Affeldt brought
back from their recent trip to Los
Angeles. I for one want to get a
picture of it on a beautiful calm
day with its reflection in the
water.

If you see a large pontoon near
the east end of Donner Lake do not
be alarmed. It belongs to Mr.
and Mrs. Ed Urst of Reno and they
will bring it back to the west end
the next trip here with their boat.
We received many calls concerning
this pontoon as some folks thought
it was ours. We notified the Ursts
and they are so pleased that our
local people are so helpful.

Don't forget the Truckee Out-
door Sportsmen meeting this Fri-
day night at Capitol Hall. The
meeting will start at 7:30 and
there will be nominations for of-
ficers and elections because at the
last meeting they didn't have
enough time for this with the two
movies and the guests from the

GIRL SCOUTS PLAN COMBINED PROGRAM

The Girl Scout and Brownie troops of Truckee are planning a combined court of awards and investiture ceremony on May 26 at 7:30 p. m. in the all-purpose room of the new Truckee elementary school. It is hoped that all par-

ents and interested friends will attend. Refreshments will be served. Troops represented at the affair will be Girl Scout Troop No. 132, now under the leadership of Mrs. Joyce Laugenour; Girl Scout Troop No. 85, led by Mrs. Clarene Saarni; and Brownie Troops No. 130 and No. 137, headed by Mrs. Laura Horman. Troop No. 85 is a new troop, only recently registered

with the Sierra-Nevada Girl Scout Council at Reno. Six Brownies from Troop No. 137 will take part in the traditional fly-up service and become tenderfoot members of the intermediate Girl Scouts. Several older girls will also become invested as new intermediates.

CUBAN DIPLOMAT IS THROUGH AT LAKE

A gentlemanly former Cuban diplomat who worked two months as a Tahoe Harrah's busboy left for Kansas City this week and a new career with a big insurance firm.

But Rodrigo Parajon, 44, believes that eventually he will return to his role as an official of the government of Cuba.

Parajon said "it's just a matter of time" until counter-revolutionaries overthrow the regime of Fidel Castro in Cuba. When the fateful day comes Parajon said he'll be ready to resume his career as a governmental aid.

Meantime the "busboy diplomat" will be working for the Business Men's Assurance Co. in Kansas City. He was offered a post with the firm last month shortly after newspapers and radio-TV news broadcasts disclosed Parajon was employed as a busboy at Lake Tahoe.

Parajon resigned as Cuban consul general in San Francisco January 11 because, he said, he was convinced the Castro regime is dominated by Communists.

He was unable to find employment in the San Francisco bay area. After a month of job hunting Parajon got in touch with a food captain friend at Tahoe Harrah's and was hired as a busboy in the club's South Shore Room.

Parajon is a lawyer by profession and has four college degrees, two from Cuba and two from Spain. He also attended schools in France and colleges at Huntington, West Virginia and Dayton, Virginia.

SIGNBOARDS WILL BE DISCUSSED AT MEET

AUBURN—A public hearing on a proposed county scenic highway ordinance has been set for 1:30 p. m. May 12 in the court house.

The hearing is called to air the suggested ordinance which would establish scenic zones along state and federal highways in the county.

The ordinance proposes to restrict signs and billboards on Highway 40 east from Auburn to Nevada County and on State Sign Routes 20, 89 and 28 in the Lake Tahoe area.

National advertising on billboards along the road would be banned and local establishments would have sponsorship by a community organization unless the sign is placed on a business site. Directional and other associated signs would be exempt.

ROTARY IS WARNED OF FIRE DANGERS

TAHOE CITY—Roy Saarni, district ranger at the forest service station at Truckee, told Tahoe City Rotarians and guests at a recent club meeting at Tahoe Inn that although the recent snow storm had relieved the fire hazard to some extent, the fire danger will probably be as great as last summer and that because of the dry condition in the forests the engraver beetle has already become a menace to standing timber and that menace is expected to increase this summer.

He said logging will get under way soon in the most likely infested areas to cut 1,000,000 board feet of lumber per week before the destructive bug moves in.

The speaker complimented the people of the Lake Tahoe basin for their care in burning rubbish last summer and he expressed his hopes that caution will continue.

Regarding other destructive fires, Roy said the burned area on the Donner Ridge will be planted this summer with 2,000,000 young trees. Asked about the older burn between Truckee and Tahoe City, he said it had been planted and trees were up from 18 to 24 inches high.

A color movie film entitled "The Forest" was then run by Basil Kehoe. Norman Hislop was program chairman.

Another matter of interest to club members and people of the immediate area, was the appearance by Otis Lyons, custodian at the Tahoe Park Camp Ground. He told of a proposal of the wildlife conservation board of the department of fish and game to build a boat ramp on the former fish hatchery property near Lake Forest if the project is endorsed by enough people. There was an unanimous vote in favor and club members who are members of other civic organizations agreed to work for approval in their respective organizations.

Ralph Bly presided over the 25 club members at tending.

GIANNINI IS HONORED BL BANK EMPLOYEES

Local Bank of America employees Friday, May 5 joined fellow members of the bank's staff throughout the world in honoring the memory of the late A. P. Giannini, founder of the bank, on the event of his birthday anniversary.

Speaking by recording to more than 28,000 Bankamericans, President S. Clark Beise declared that Giannini's ideas and ideals helped reshape the concepts of banking.

Although the world has changed since the bank was established in 1904, Beise said, the principles on which Giannini founded the bank are universal and unchanging and

have remained the key to successful service of the public. The Founder's Day observance marking Giannini's birthday, May 6, has been held annually since his death in 1949. Giannini was born in San Jose in 1870.

place else," Lunardi said. "It also suggests that the decision be made by local residents and that outside interests already have delayed construction of an all-year highway long enough."

The present roadway by Emerald Bay is closed several months of each year by snow. It is a hazardous slide area and at least one workman has been killed by slides.

A bridge across Emerald Bay was proposed long ago but ran into opposition from the state park commission, Sierra Club, and other nature groups who claimed it would mar the beauty of the landscape. They suggested a highway above the present route which, in itself, would require some 3,000 feet of tunnels, as well as a bridge connecting the tunnels.

Lunardi said he believed the highway commission could proceed at once to make plans for a new route for the area, if the senate approves his resolution.

AUBURN MAN WILL BE NEW BANK MANAGER

Herbert S. Clegg, Jr., manager of the Bank of California's new Tahoe City office, opening in the Tahoe City Center on Monday, May 15, has been in banking for a quarter of a century.

A native of Auburn, he began his banking career in 1936 with the Placer County Bank (Auburn), which through merger became the Auburn office of the Bank of California in 1957.

Extremely active in civic affairs, Clegg had been treasurer of the City of Auburn since 1939 and a member of their local volunteer fire department since 1934, including three years as chief. He has long been interested in Scouting and was a merit badge counselor for four years.

His banking career was interrupted when he enlisted in the U. S. Marine Corps in 1942 and after three years service was honorably discharged as a technical sergeant.

An avid hunter and fisherman, Clegg has been a member of the Placer Sportsmen, Inc. since 1940, serving five years as club treasurer.

He married his wife Pauline in 1938 and they now have three children, Paulette Jean, 19, Suzanne, 14, and Herbert S. Clegg, III, 9.

Workers who contributed time to last minute details in preparing the new clubhouse for the opening were Barak and Carl Wright, who along with Bob and Dorothy Leamon installed the beautiful floor tile which was donated by the Truckee Rotary Club. Wright donated the plywood for the floor base.

Terry Tollefson and Bill Knapp worked late Sunday morning to complete the plumbing and septic tank.

Again Jack Houlgate of Clements Rock Products sent out three truck loads of gravel for the operation, free of charge. Rex Reid of Builders Service Center contributed the light fixtures for the main part of the building and they were installed by Jim Souter and C. H. Hunt. Bob Moore and daughter, Mary Ann, spent Saturday cleaning up and burning the debris on the grounds.

Karl Kielhofer, Ange Besio, Dick Paddock, Mike Popovich, Lauren Russell, Garland Drewrey and son Clarence Osburn, John Waller, Charles Fink and nephew and Mr. and Mrs. DeLuca all worked into Saturday night on unfinished details.

The club gave the volunteers and those who donated materials a big vote of thanks for their efforts in providing the district with one of the best public buildings in the area.
